

Given the continued and growing threat of extreme weather and wildfire, and as an additional precautionary measure, we are enhancing and expanding our Community Wildfire Safety Program (CWSP) to further reduce wildfire risks and help keep our customers and the communities we serve safe.

Join us at a regional open house to learn more about wildfire safety and emergency preparedness. You can drop in any time between 6 and 8 p.m. to meet with PG&E representatives, ask questions and share feedback.
